Check-out is at 11:00am. After 11:00am, there is a charge for an additional day.

There is an additional charge of \$8.50 per day if medications need to be given while boarding.

All pets will be checked for fleas and ticks and treated at the owner's expense.

Bedding is provided; no need to leave your own bedding.

All pets must be current on vaccinations including Bordetella (Kennel Cough) for dogs. If pets are not current, they will receive all necessary vaccinations and added to the boarding invoice. Note that pets given vaccines at time of boarding may not be adequately protected since it can take several days for the vaccines to boost the immune system for protection.

We will notify you if there are any health concerns while your pet is with us. If your pet requires immediate attention, we will treat your pet using our veterinarian's medical judgment.
