Surgical Procedure or Treatment			

I authorize the veterinarians of Bastrop veterinary Hospital to perform the above procedure and any treatment procedures deemed advisable or necessary for my pet. We recommend a blood profile to ensure that your pet is in low risk category prior to anesthesia. Results of these tests will help to determine your pet's readiness for surgery. Depending on the results, we may adjust the dose or type of anesthetic used or advise fluid therapy or delaying of surgery. All surgical procedures do include risks with anesthesia.

<input type="checkbox"/> Flea and tick treatment	\$20.00-30.00
<i>ALL ANIMALS ADMITTED MUST BE CURRENT ON VACCINATIONS AND MUST BE FREE OF EXTERNAL PARASITES. ANY ANIMAL FOUND TO HAVE FLEAS OR TICKS WILL BE TREATED AT OWNER'S EXPENSE.</i>	
<input type="checkbox"/> Fecal analysis	\$25.00
Determines the internal parasite status	
<input type="checkbox"/> Heartworm test	\$33.00
Very accurate test for adult heartworms	
<input type="checkbox"/> Combo Test: Feline Leukemia/FIV	\$47.50
This blood test will determine the presence of feline immunodeficiency virus (AIDS) and feline leukemia virus	
<input type="checkbox"/> CBC – Required for all spays and canine neuters	\$49.75
A complete blood count assesses anemia, infection, and possible clotting problems. Low platelets can indicate a serious problem related to bleeding during or after surgery.	
<input type="checkbox"/> Pre-anesthetic Chemistry 10 Profile	\$49.50
This profile includes 6 chemistries that screen for kidney disease, liver disease, and diabetes	
<input type="checkbox"/> General Chemistry 15 Profile	\$82.00
This profile includes 12 chemistries that provide in-depth screening for kidney disease, liver disease, diabetes, gastrointestinal disease, pancreatic disease, dehydration, and an indicator of certain types of tumors.	
<input type="checkbox"/> I decline lab work at this time	
<input type="checkbox"/> Post-surgical pain management	\$17.50+ injectable
Duration for canine – 1 day Duration for feline – 3 days \$15-\$30 Dependent on size (take home)	

While under anesthesia it is an opportune time to do other procedures. I authorize the below procedures for my pet:

<input type="checkbox"/> Vaccines	
<input type="checkbox"/> Nail Trim	\$16.50
<input type="checkbox"/> Dental Cleaning (if not primary surgery)	\$95-\$125 (does not include extractions)
<input type="checkbox"/> Antibiotics if medically necessary	
<input type="checkbox"/> Ear cleaning (simple)	\$40.00-\$50.00
<input type="checkbox"/> Microchip/I.D. chip	\$54.50

Special Instructions:

I understand that I assume financial responsibility for all services rendered, and that payment is due on the date of surgery. Any medications and supplies purchased will be at an additional charge. If we are unable to reach you at the emergency contact number you have provided, we will do what is medically necessary at owner's expense.
